

Coaching and Training for Employee Growth & Company Success

What We Do

Bravely is a coaching and training platform connecting your people to on-demand, confidential coaching to drive career growth, develop skills, and navigate critical moments. We help build cultures that attract and retain talent by unlocking individual potential.

Our Offerings

Bravely Boost™

Scalable, on-demand 1:1 coaching designed to address immediate challenges and opportunities in real time.

Bravely Advance™

High-impact, personalized 1:1 coaching designed for critical talent, featuring frequent sessions and skill assessments to drive meaningful growth.

Bravely Exec™

Empowers executive leaders with personalized coaching from seasoned executive coaches—focused on enhancing inspiration, communication, innovation, and executive presence. Includes an optional 360 assessment for deeper insights.

Bravely Workshops

Enhance coaching programs with expert-led group sessions. These workshops introduce common languages and frameworks on specific topics, fostering shared learning experiences that complement individual coaching journeys. (Available as an addition to coaching engagements).

Key Platform Features

Expert Coaching: Access Bravely's network of vetted, certified professional coaches offering confidential, third-party perspectives.

Flexible Access: On-demand coaching available days, nights, and weekends in over 30 languages.

Learning Resources: Includes monthly webinars and a library of articles and recordings for self-led development.

Actionable Insights: Anonymized aggregate data provides insights into workforce needs and trends while ensuring individual confidentiality.

Impact & Results

- ✓ Empower employees to own their development.
- ✓ Drive skill acquisition (92% learn a new skill after one session).
- ✓ Increase proactive problem-solving.
- ✓ Improve employee outlook and retention.
- ✓ Extend HR reach and support.
